

Product Data of PCX Clean

Electronic Equipment Components Cleaner

Product Information

PCX Clean is noncorrosive cleaner and degreaser on electronic equipment component cleaner and leaves no residue and film

PRODUCT FEATURE AND BENEFIT

1. Quickly evaporate with no residue and film
2. Clean and degreasing without disassembly
3. It does not induce moisture
4. Safe for all plastic and electronic parts
5. Quickly to flushes away dirt, oil and grease

TYPICAL PHYSICSL PROPERTIES

Appearance	Transparent liquid
Color	Colorless
Specific gravity at 20°C	0.692
Boiling point (°C)	68
pH @10%	Not Applicable
Vapor density (air=1)	1.7
Viscosity	Non viscous
Solubility in water	completely
